Summary:

As a passionate and innovative fresher in Computer Science Engineering, I am driven by a strong academic foundation and a curiosity to explore new technologies. My journey through various projects has equipped me with a solid understanding of full-stack development AI, and machine learning.. I am eager to apply my technical skills and enthusiasm in a dynamic work environment, contributing to impactful projects while expanding my expertise. I thrive on challenges and am committed to making meaningful contributions to any organization I join.

Education:

- **G H Raisoni University, Amravati**
  B.Tech in Computer Science and Engineering | 2022 – 2025
  CGPA: 7.65

- **Government Polytechnic, Murtizapur**
  Diploma in Information Technology | 2019 – 2022
  Percentage: 80.50%

Projects:

1. **Opex Home Solutions Web:**
   - Contributed to the development of a Home Solution website, optimizing user experience with intuitive design and seamless functionality. Designed the architecture and implemented features using React.js and Node.js.
   - Achievements: Improved user engagement by 20% through enhanced UI/UX design.
   - Technology Stack: React.js, Node.js, Express.js, Python, MongoDB
